Prerequisite: Completion of MATH 265A or higher OR concurrent enrollment in MATH 265A.

Advisory: PHYS 205A or 208A.

Methodology and techniques for solving engineering/science problems using numerical-analysis computer-application programs MATLAB and EXCEL. Technical computing and visualization of problems in mechanics, electrical circuits, thermal systems, fluid systems and other branches of engineering. Materials fee \$17.00. Transfer: CSU. (Formerly ENGR10)

Math Course Completion Flow Chart

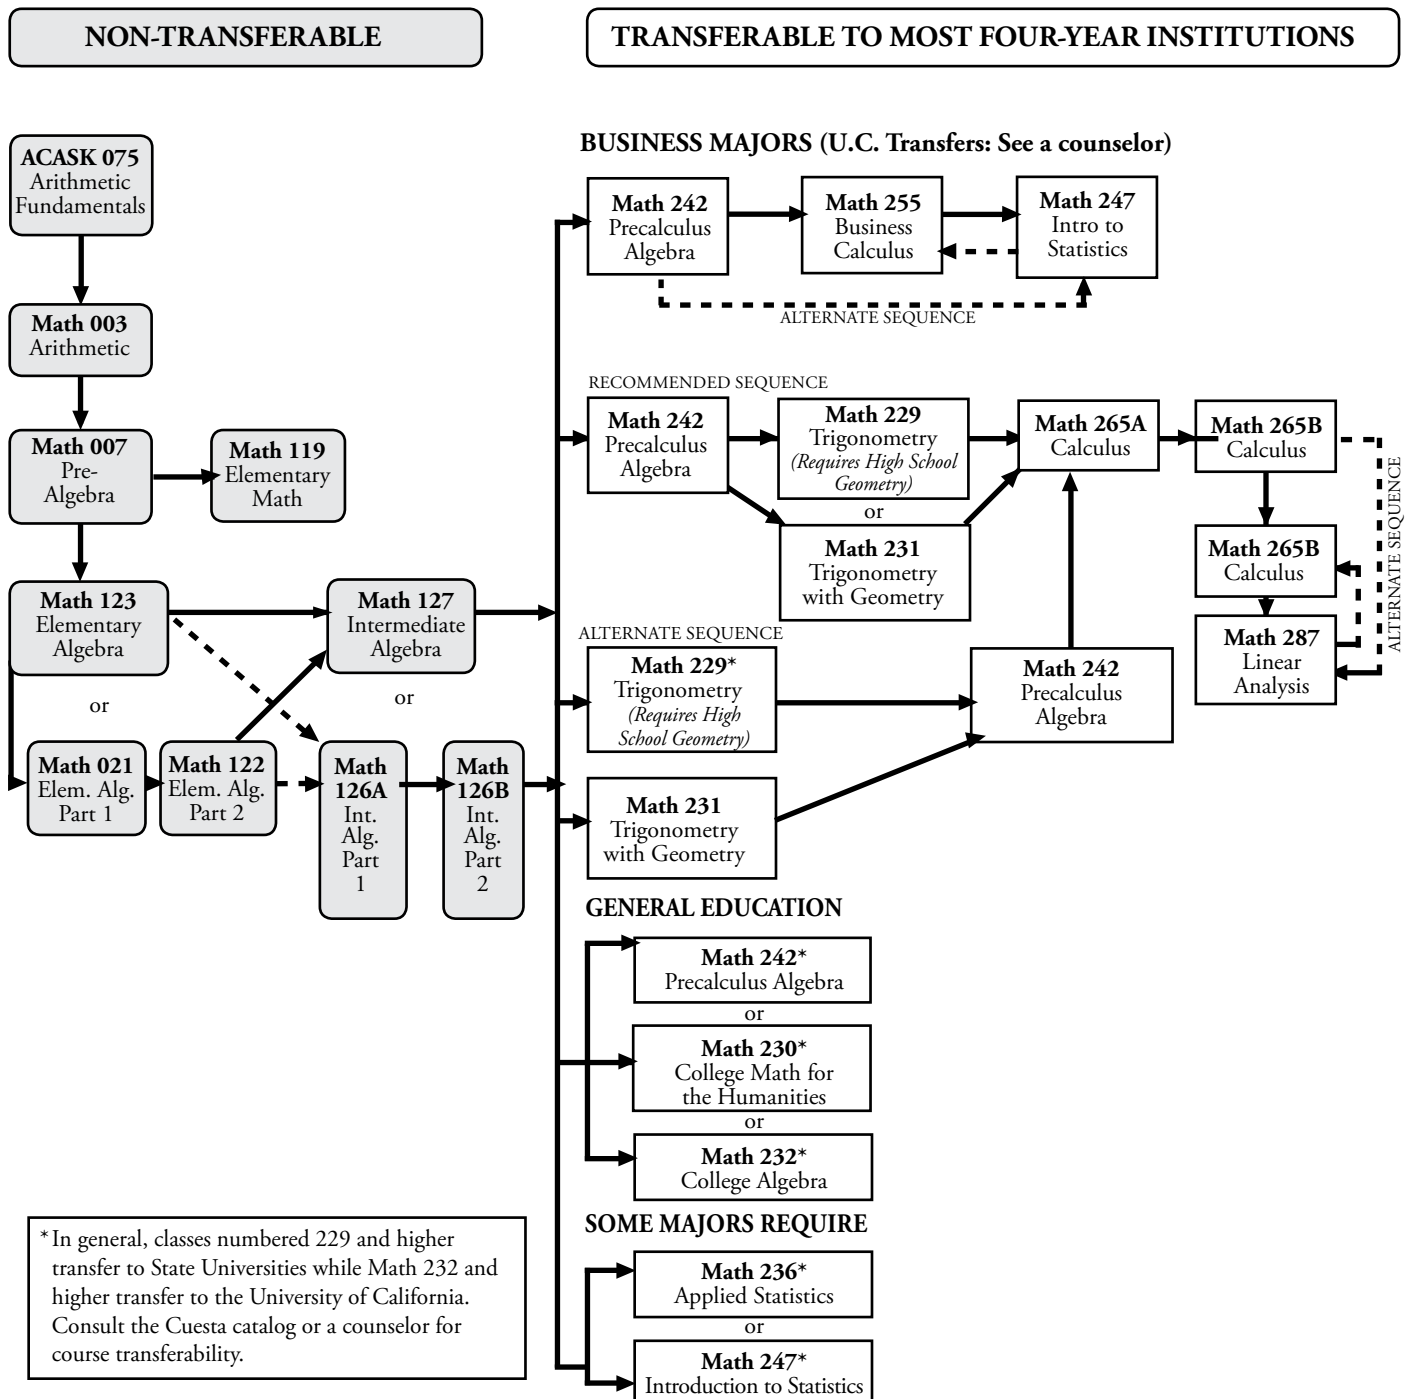

Students who have not satisfied the prerequisite at Cuesta College for Math 007, 008, 114, 115, 119, 021, 122, 123, 126A, 126B, 127, 229, 230, 231, 232, 236, 242, 247, 255, 265A, 265B, 283 and 287 will be required to produce a transcript verifying completion of class prerequisites before registration.

It is recommended that students complete the mathematics assessment test at Cuesta College if they have not taken the test elsewhere or have not completed the prerequisite coursework. Please contact the Assessment Center, (805) 546-3951, to make an appointment to take one of four assessment tests.

A limited study has shown that a student who follows the recommendations is twice as likely to succeed in the recommended course as the student not following them.

This flow chart is designed to help you find the right math class.

The flow chart below shows the math courses offered at Cuesta and the order in which they should be completed for various majors.
